c. Two-Letter US State and Foreign Country Abbreviations. Use only within and between US military service components as found in the organization address listings in this manual. Do not use abbreviated address elements to Allied National or International Pact Organization (IPO) environments. Two-letter US State abbreviations were taken from the United States Postal Service (USPS) National ZIP Code Directory. Two-letter foreign country abbreviations were taken from the Federal Information Processing Standards (FIPS) Publication 10-1.

NOTE: When a FIPS abbreviation conflicts with a USPS State abbreviation, the name of the country is spelled out.

Chapter 16

NORTH ATLANTIC TREATY ORGANIZATION (NATO) COMMANDS

16-1. General Information. This chapter tells how to prepare and address items to NATO commands under the command of the Supreme Allied Commander, Europe (SACEUR).

16-2. Instructions for Classified Material:

a. Prepare classified matter to be mailed to a NATO command according to DoD Directive 5100.55/AFR 205-43.

b. The authority for release of US classified matter to NATO foreign nationals and US Representatives assigned to NATO activities is HQ USAF/CVAI, Washington DC 20330. The material must be forwarded to HQ USAF/CVAI for approval and release.

EXCEPTION: Certain US Air Force activities have been granted the authority to release certain categories of classified matter directly to NATO commanders under SACEUR. These Air Force activities address the classified matter as follows, unless they also have authority to communicate directly with a subordinate NATO command: US National Military Representative SHAPE, APO New York 09055.

c. Address classified matter to Navy activity not listed here according to the Standard Navy Distribution List, Part I.

d. Prepare classified matter to be transmitted through the Armed Forces Courier Service (ARFCOS) according to DOD Directive 5100.55/AFR 205-43 and AFR 183-2.

e. Mail to an APO or FPO address is subject to the size and weight limitations in AFR 182-2, chapter 1.

16-3. USAF Supporting Administrative Unit (Column 4). Unless otherwise indicated, US Air Force personnel on duty with a NATO command are assigned AF Element (AFELM) designations of the 1141st USAF Special Activities Squadron, Vaihingen, Germany (mailing address: APO New York 09131). Address administrative correspondence relating to the AFELM unit or personnel assigned to it to the squadron or the AFELM unit. Orders reassigning US Air Force personnel to a NATO command must use the address in column 4, for personal mail, or the mailing address of the squadron.

Chapter 17

GEOGRAPHICAL LISTING OF INSTALLATIONS AND UNITS

Some MAJCOMs-SOAs and large activities operate mail distribution systems independent of the Host Base, and receive direct consolidated container mail, bypassing the BITC. On installations where this occurs, the *dispatching* BITC must decide the activity to receive direct pouch service. Section C of this chapter lists organizations that provide independent distribution systems and includes the addressees that receive consolidated container mail. MAJCOMs-SOAs report changes to this list to HQ USAF/DAQA, Bolling AFB DC 20332.

Sections A and B of this chapter contain locations of major Air Force installations with organizations down to detachment level. Host base support organizations are in bold type. This provides easy reference for locating a number of support functions, i.e., Base Administration, Personnel (CBPO), Housing Referral, and other service activities. Base Information Transfer Centers (BITC), or the Base Administrative Communications Branch (DAAC), will find this useful for determining where to send consolidated containers when processing more than one piece of mail to one location. AFR 182-2 describes procedures for preparing consolidated containers.
